

## **URGENT NEED FOR PALLIATIVE CARE SPECIALISTS**

**SEPTEMBER 2022**

INF has a number of exciting opportunities for qualified Palliative Care personnel to join our multidisciplinary team based at Green Pastures Hospital [GPH] in Pokhara at a time of rapid clinical expansion.

As part of the three-year **Sunita Project**, INF will develop a Palliative Care and Chronic Disease [PCCD] Centre of excellence at GPH. Through clinical services, research and education/training, this project will support the National Strategy for Palliative Care, which was adopted by the Ministry of Health and Population [MoHP] in 2017. It will also design, implement and test a rural health care intervention in palliative care in Lamjung, Jumla, Surkhet, Kapilvastu, and Banke.

We are urgently seeking a Palliative Care medical specialist to assist in providing a comprehensive palliative care service based at GPH, including clinical services [consultative, 14-bed inpatient care for adults and children, outpatient, day therapy and community services], working closely in a multidisciplinary team environment. They will support the extensive Sunita project teaching and mentoring programs [internal and external] and research activities.

There is also need for other qualified Palliative Care personnel – for example, Specialist Nurse, Physiotherapist, Occupational Therapist, and other disciplines - to join the team and provide training and mentoring as this new technical area is developed in Nepal.

**All expatriate volunteers [applying for an official visa] require:**

- ☑ A Master's degree [or equivalent] in a relevant subject and at least five years of experience in a related field.
- ☑ The desire to combine faith and technical expertise to equip, encourage and strengthen the capacity of others.
- ☑ A good understanding of, and full commitment to, INF's values and a passion for intercultural Christian service.
- ☑ Intercultural training/experience
- ☑ A sending agency/organisation

Even without relevant qualifications, there may be opportunities to serve in an advisory/training capacity for three months or less.

**Please note that INF is unable to pay salaries to expatriate workers in Nepal.**
